

How to Fold a Mini Book (Eric Ode - www.ericode.com)

1. Fold the paper in its hot dog direction. Open it again.
2. Fold the paper in its hamburger direction. Leave it folded.
- 3a. Fold each side of the hamburger bun back toward the spine so that you end up with an accordion folded paper. (3b.) Bring those sides back out as a hamburger bun.
4. Cut the paper from the spine of the paper until you are half way through (stop at the fold from Step 3).
- 5a. Lay the paper down like a tent. Grab with forefingers on each side of the cut (5b.) and bring the two sides down and together. Then bring all flaps together to create the pages of your book.
